Subject: RE: Complaint regarding Taranaki Regional Council and Todd Energy Submission

Dear Mr Chamberlain, Mr McLay, Mr Bedford and Taranaki Regional Councillors

1. Thank-you for the reference to Mr Chamberlain's address to the Petroleum Summit. This does not contain the specific information we sought. We require the offender, the date, the summary of the incident and the fine for the 13 abatement notices and the 9 infringement notices. Our understanding is we have only been provided with the prosecutions. We do not believe the extra information should cost us \$7080 plus GST as stated in your email (27th November 2012). We believe the information should be easily available if Mr Chamberlain was able to quote this at the Petroleum Summit in September.
2. We ask for the third time (22nd November 2012, 29th November 2012) and request a response ..
 - 2.1 Why are Taranaki Regional Council publically endorsing the Todd Energy Submission on Hydraulic Fracturing to the Parliamentary Commissioner for the Environment ?

The Company was given a poor rating for environmental performance by Taranaki Regional Council in 2011 and does not appear to be improving. Please refer to the attached Todd Taranaki Mangahewa-C wellsite report 2009-2010 (March 2011) supplied by Mr McLay in an email on 28th February 2012. We also include 'non-compliant' incidents documented by Taranaki Regional Council on 25th July 2012 where Todd was fined for breaching consent at two sites.

<http://www.trc.govt.nz/assets/Uploads/cr2011-web.pdf>

2.2 Why was the Todd's Mangaheua-C wellsite environmental monitoring report 2009-2010 (March 2011) not presented to the Taranaki Regional Council at their six-weekly meetings and published appropriately?

Consents and Regulatory meeting, 15th March 2011

<http://www.trc.govt.nz/assets/Uploads/cr1503w.pdf>

<http://www.trc.govt.nz/oil-and-gas-compliance-monitoring-reports/>

Todd Energy states in their submission to the Parliamentary Commissioner for the Environment they have only had one breach of consent from Taranaki Regional Council.

This is untrue.

Todd Energy Chief Executive Mr Moore on Radio NZ National was interviewed Wednesday 28th November 2012.

http://podcast.radionz.co.nz/mnr/mnr-20121128-0720-fracking_company_had_poor_environmental_performance_report-048.mp3

We have provided a fuller explanation of our complaint in the attached letter.

Yours faithfully

Sarah Roberts, David Morrison, and Mike Self
